I wish to write for approval from your office to enable the Antwi Mensah and Family Foundation to demolish the dilapidated toilet facility on St. Anthony Roman Catholic Basic School compound to create room for the immediate construction of a new Ultra Modern Washroom facilities for the KG/Primary and the Junior High Schools.

The school has been raised to a Model School status and therefore the proposed New Toilet facility is timely as it will go a long way to support teaching and learning in the school.

Attached is the project proposal and its details for your study and approval.

Thank you.
